

# Enrique Aranaga Lunar

Nueva Esparta, Venezuela · [linkedin.com/in/enriquearanaga](https://linkedin.com/in/enriquearanaga) · enrique.aranaga@hotmail.com

*Over 5 years of experience developing robust and scalable web applications. I specialize in technologies such as PHP, JavaScript, Laravel, Yii2, Vue.js, and React.js, as well as database management with MySQL, PostgreSQL, and implementation of solutions with WordPress and Drupal.*

## PROFESSIONAL EXPERIENCE

### IA2030

FullStack Developer

**Nueva Esparta, Venezuela**

Oct. 2024 – Jul. 2025

- Developed, implemented, and maintained key functionalities for multiple web projects, ensuring optimal and stable performance.
- Optimized existing code, significantly improving application performance and maintainability.
- Led the construction of complete modules, participating from the design phase to final delivery and deployment.
- Provided production support, resolving critical incidents and ensuring operational service continuity.

### Weclick Digital

FrontEnd Developer

**Nueva Esparta, Venezuela**

May. 2022 – Feb. 2024

- Led the full development cycle for web applications and marketing campaigns for clients such as Borges, Coors Light, Agexport, Purina, and Nestlé.
- Designed and developed interactive platforms (promotional systems, points redemption portals) that enhanced user engagement and campaign operational efficiency.
- Built and maintained dynamic websites and landing pages for brands like Ebeauty Uruguay and Beauty Zone, ensuring high performance and responsiveness.

### Weclick Digital

FrontEnd Developer

**Nueva Esparta, Venezuela**

May. 2019 – Dic. 2019

- Developed a custom billing and requirements management system for Harley Guatemala, improving their internal process efficiency.
- Created a student registration portal for Escuela La Asunción in Guatemala, facilitating administrative management.
- Built and customized informational websites for VUPE Guatemala and Agexport Guatemala using WordPress.
